Document Body

Hello Ann:

I received your completed DMRs for July-Sep 2008 on October 11, 2008, however, they are not coded correctly. BOD is still being coded as lbs/day under quantity, whereas it should be mg/l under concentration. Please review the pre-printed (correct) DMRs that I prepared below. If you have any questions, please call me at 415-972-3502.

Liliana Christophe

Subject: DMR Report for 3rd Quarter (Apr-Jun) 2008 

Hello Ann:

Re: AS0000019 - 3rd Qtr DMRs (Apr-Jun) 2008

In reviewing your recently submitted DMRs, I miscoded the BOD as lbs/day in Quantity, should have been mg/l in Concentration (Req. Mon). That correction has been made and amended pre-printed DMRs will be forwarded to you tomorrow.

In addition, as mentioned in your reissued permit (effective April 1, 2008) semi annual results must also be reported on the pre-printed DMRs sent to you in April of this year. Based on the timeframe of permit reissuance, the first semi annual report is due to EPA by January 15, 2009. (Note: Due to mail difficulties in the Pacific Islands, we have agreed to the receipt of DMRs by the 28th the month respectively).

Any questions, please respond via email or call me directly.
